FROZEN

CATEGORY PRODUCTS

Ülker Marifet, provides wide variety of frozen product alternatives and offers practical and fast solutions to its customers.

Delicious and innovative products, are produced untouched by experienced staff and are packaged by IQF freezing which is the best food preservation methods.

After packaging, products are stored at -18°C in a fully automatic frosted warehouse and reaches customers with vehicles with an internal temperature of -18°C , preserving the cold chain.

As well as taste, products do not lose their freshness of the first day with uninterrupted storage and transportation in the cold chain, without the risk of physical and microbial deterioration.
